A splendid read. I came across the author totally by chance and thought I would dip my toe in the water, i wasn't disappointed.

For a first novel this is very mature. The opening chapter had me hook, line and sinker.

Iain banks may have a successor in Mr Quartley...

★★★★★ **Wow for a first book you don't get much better than this**, 1 Nov 2013

Wow for a first book you don't get much better than this, a gripping story line that keeps you turning the pages. With twists and turns you never see coming, totally brilliant and leave you very definitely wanting to read more from this author. I really hope that this is the start of a fantastic career for Larry and that he goes on to write many more books, I hope that you buy and enjoy the book as much as I have; I have no hesitation in recommending this book and author to you all.

★★★★★ **promising debut...**, 14 Sep 2013

A London- based police procedural that I believe could herald the start of a good series featuring DCI Zachary Taylor. From the brutal opening chapter, Quartley maintains the pace in this well-crafted, and most importantly, credible depiction of a murder investigation. With the interweaving of a previous case and Taylor's obsession with bringing odious businessman James Black to justice for his sins of the past,

Quartley establishes a great tension between the two that plays out well throughout the book. Taylor is a well-formed and engaging character, who carries the thrust of the story well and he is thankfully relatively baggage-free that is a refreshing change when compared with many fictional male detectives. Add to the mix some very assured plotting, and I for one, would definitely pick up the next in the series.

★★★★★**Loved it!!**, 16 Nov 2013

Closure - Zachary Taylor is the brilliant, action packed, tension building debut crime thriller by Larry Quartley.

For DCI Zachary Taylor, investigating the brutal rape and murder of a young woman brings back events and suspects from the past which have been haunting him for the last 7 years.

This time around can justice be done? Can the real mastermind be caught and convicted before witnesses disappear or an innocent man is captured or killed.

Closure is compulsive reading and once started you will find hard to put down as you will find yourself caught up in the quest to bring the guilty to justice, the innocent freed and one mans past laid to rest.

Full of unexpected twists and turns, elements of surprise, gripping characters both good and evil and a fitting conclusion I loved this book and hope there will be many more to come.
