'A Funeral for an Owl is a multi-layered story that hooks you from the beginning, and which you don't want to end.' ~ Liza Perrat, Author

'A Funeral for an Owl absolutely nails the moral dilemmas we live with in a modern society that is supposed to protect the most vulnerable. If you found a child shivering in the street, hungry, cold and afraid to go home, what would you do? At a time when putting a child 'in care' seems to be the absolute opposite of that, does our duty to protect mean sometimes we have to step over the line and risk our own reputations - even our jobs? This is what the two teachers in this wonderful novel eventually do. And I found myself wishing that I'd have the courage to do the same in the same circumstances.' ~ The Book Witch, Blogger

'Jane reminds me of Margaret Atwood, in that all her books are very different and seem to me to be written in different voices. The quality and readability is consistent in all her works and I would heartily recommend this grittier tale of modern urban living.' ~ Peter Snell, Bookseller

'Here is a confident and individual voice, writing fluently and interestingly. In A funeral for an Owl she tells an original and moving story about something important.' ~ Tanya Aydon, Reader
