Book Review

Reviewed by Sefina Hawke for Readers' Favorite

God Of War by Ian Thompson is a suspense filled novel that will appeal most to an audience made up of a mix of mature young adults and adults who enjoy the idea of being scared out of their minds. God Of War portrays a horror that started back during the Roman occupation when one Gaius Pertinax wanted to find something more, something really special for the gladiators. What he brought about was a horror that still exists in modern times and is found by a group of cavers who are hunted by it.

God Of War will make even the bravest reader quake in their shoes; it is a book best read during the day as reading it at night is likely to give nightmares. God Of War is extremely well written with each scene described in fluent language that transitions beautifully from one scene to the next. Ian Thompson offers multiple perspectives from different time periods and characters to really allow the reader to understand the horror, the events, as well as the characters themselves. Each character was well written; my favorite part was the beginning of the book that focuses on John, Mary, and Melissa. I really felt for all of them and was saddened by the tragedy of their lives. I finished God Of War feeling shaken and a bit worried about nightmares, but that is the mark of a good horror novel.

★★★★☆ A great book that's not for the faint-hearted.

By Rainne Atkins on September 30, 2015

God of War is a well-written, descriptive and enthralling page-turner, that's not for the faint-hearted.

The twists and turns kept me on the edge of my seat wondering what would happen next and who would survive (or not).

I liked the way the modern story and the one set in Roman times were told in alternating chapters through the book.

The characters, both ancient and modern, were fleshed out and believable.
I can't say I liked all the characters, but then they weren't all supposed to be likable.

A great book by a new-to-me author - I will be adding more books from Ian Thompson to my to-read list.

I received an ecopy of this book from the author in exchange for my honest review.

@ianthompson1701 Hi Ian. Just to let you know I loved #IntoTheHole and can't wait for the #GodOfWar.

Review by: L.X. Cain on Sep. 03, 2015 : ★★★★★

What is in the hole? What's eating the livestock and binding a family to its will for centuries?

I loved this story! It was extremely well written and very dark. The author did a great job creating a palpable sense of doom that surrounds the main character from the beginning, and then creating more tension and horror as the story went on. Highly recommended!
