

## SOME REVIEWS FOR SILENT GRACE:

"This is a superb story, so filled with hope, joy and sorrow, grief, loss and the pain addiction causes, especially for the littlest victims, the children involved. It is the shining story of love and loss and, finally, restoration beyond explanation. Ms. LeClerc is incredibly gifted in her writing abilities. I will never forget this story." --Kathleen Marusak, Editor.

"If I had had the luxury of reading this in one sitting I could easily have done so. A gripping, emotional story containing joy and sadness, warmth and tenderness, spirits and spirituality, angst and forgiveness and lots of love." Barbara Ulbrandt

"Gerri LeClerc has woven her creative magic and lured us again into her second book and the charming warmth of Knoll Cottage. Ms. LeClerc's gift of creativity is evident in her fascinating characters, her intriguing story lines and especially in her syntax, as it rhythmically flows through her pages with great sensitivity, intellect and insight into the human heart and mind."
